PROFILE ID TITLE: W-2 TANF ELIG RPTG-ADMIN

FULL TITLE: W-2 TANF ELIGIBILITY REPORTING - ADMIN

REPORTING INSTRUCTIONS:

Report TANF portion of eligibility determination costs identified initially on profile 2001.

Instructions to calculate TANF portion of eligibility determination:

W-2 Agencies must first pool all eligibility costs for the month (usually done by gathering Time Study data) as if they were to be reported on profile 2001. Agencies must then identify their monthly TANF portion of eligibility determination expense by accessing the DWD homepage Web site.

The site address is: <http://www.dwd.state.wi.us/des/bds/>

The agency's TANF Eligibility Percentage will be listed under the Resources heading. Each agency must identify their most recent month's percentage and then multiply it against the eligibility pool costs gathered on profile ~~2404~~ 2001. The resultant amount is reported against this profile, with the remainder remaining on profile ~~2404~~ 2001.

The amount reported on this profile will roll to profile # 2000, and will count against the 15% administration contract limitation.
